

Reason #3379 to participate in GovHack: **Learn new skills**

Deakin Uni, Waterfront
29th-31st July
govhack.org @GovHackGeelong

GovHack is a national open data hackathon, now in its sixth year. During 46 hours, teams use data sets from government departments and agencies to create new mashups, apps, visualisations and websites. It's a great way to hone your coding, UX and design skills, and there's \$\$\$ up for grabs.
